# Progress in *cb/C* treatment

Irini Manoli, M.D., Ph.D.

Clinician Associate Investigator, NIH, Bethesda, MD, USA

3<sup>rd</sup> International Homocystinuria Patient-Expert meeting, Rome, 2019

National Human Genome  
Research Institute

—  
The **Forefront**  
of **Genomics**<sup>®</sup>  
—

# Objectives

- Can we improve current treatments for *cb/C*?
  - B12 therapy: what dose is optimal and when?
  - Earlier detection/treatment: Prenatal/Newborn screening
  - Optimizing dietary management
- Translational research on gene therapy for *cb/C*
